Athan Theoharis

To Quin Shea From Harold Weisberg 11/25/79
Secret FBI files (not searched, of course)
Illegal electronic surveillances
Hoover's "personal and confidential files" (also not searched)
FBI leaks

The captioned matters figure in my various cases and requests.

They are addressed in the attached article by Professor Athan G. Theoharis in the May 1979 issue of USA Today.

I send this in the event you have not seen it.

In all instances what Professor Theoharis states is opposed to the FBI's representations in my various suits and requests.
